ABOUT THIS PRODUCT

The Glasgow 30L Minibar in black is a generously sized addition to any hotel guest room. With one of the roomiest capacities in its class, there's ample space for bottles, cans, snacks and mixers, everything a guest could require, all kept perfectly chilled and close at hand. Despite its spacious interior, the Glasgow remains impressively discreet, with low-noise cooling that never disturbs a good night's sleep and a soft interior LED light that makes contents easy to see at any hour.
